The Honorable Tom Cole
Chairman
House Committee on Appropriations
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Woodfin, North Carolina's Water Infrastructure Improvement Project, in fiscal year 2027. The entity to receive funding for this project is the Town of Woodfin, located at Woodfin Town Hall, 90 Elk Mountain Rd., Woodfin, NC, 28804.

The funding would construct Town of Woodfin, North Carolina's Water Infrastructure Improvement Project. This project is a responsible use of taxpayer dollars because it will address critical health, safety, and economic needs for a significant portion of the community, many of whom are low- to moderate-income households. Residents in this area currently rely on aging wells, and the absence of public water limits both reliability and long-term security. Extending water service would provide consistent access to safe drinking water and add fire hydrants in an area that currently has none, significantly improving emergency response and property protection. In addition, public water infrastructure would support responsible infill housing on the west side, helping meet local housing demand while increasing property values and investment potential for existing homeowners.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Chuck Edwards
Member of Congress
